PLANS BEING MADE FOR RED CROSS WAR FUND

The annual Red Cross War Fund Campaign will consume the entire month of March this year, according to plans that have been made for raising the sum of two hundred million dollars needed by the organization to carry on its huge program of war work during the coming year.

Prof. J. C. Dixon has been named War Fund Chairman for the West Coffee Chapter, and he is completing this week an organization that will take the appeal to every person in the territory served by the West Coffee Chapter. Co-Chairmen and workers are being named for every community as well as in the city of Elba. A list of these committees will be given next week.

A quota of \$5,500.00 has been fixed for the Elba Chapter, and this amount can be raised easily if every individual will do his best. The amount asked is large because Red Cross is called upon for greater services, about ninety per cent of which are with the armed forces here and overseas. The Red Cross serves everywhere, and if you fail to make your contribution this year it might mean that some soldier will suffer by your neglect. Do your share.

Red Cross Asks \$200,000,000 To Cover Wartime Needs

WASHINGTON, D. C.—Confronted with responsibilities of unprecedented proportions, as the war enters its most crucial stage, and with a staggering task ahead in the post-war period, the American Red Cross appeals today for \$200,000,000 to help the people of this country to help Red Cross reach the national objective of \$2,000,000,000 because of the battle it must play within the next twelve months.

The dramatic story of the Red Cross Blood Donor Service, through which thousands of soldiers and sailors have been saved from death, began in February, 1941, when the Surgeons General of the Army and Navy asked the Red Cross to prepare 15,000 pints of blood. Last year more than 3,700,000 pints of blood were collected for the Army and Navy. This year the goal is more than 5,000,000 pints.

One of the most important and necessary war-time Red Cross functions has been the collection of human blood for plasma. Thirty-five blood donor stations are now operating.

With major battles of the war yet to come, the Army has asked the Red Cross to supply many millions of surgical dressings, bandages, and other medical supplies. The Red Cross is now working to meet this demand.

Thousands of American men and women are in Red Cross service in the Red Cross War Fund. As a silver lining to the war, the Red Cross is now working to meet this demand.

Both in Europe and in the Far East, Red Cross workers have been working to meet this demand. The Red Cross is now working to meet this demand.

On the home front, the Red Cross has broadened its service to include the collection of human blood for plasma.

Goodson Cross Roads NEWS

PCF. Henry C. Goodson, of Napier Field, arrived Saturday night for a visit with home folks and friends.

Messrs. Ed, Clyde and Joe Frank Goodson spent Friday and Saturday in Thomasville, Ga., visiting Sgt. James W. Goodson who is in a hospital. It is understood that he is being transferred from Miami, Fla., to some place in Arizona along with a group of other men, and that they had stopped off at Panama City, Fla., for practice. By accident, he had one of his eyes injured and was rushed to Thomasville by plane.

He was placed in Finney General Hospital. Reports Saturday night were that he was resting comfortably but would probably have to remain there for several weeks. His many friends deeply sympathize with him in the loss of his eye and trust that he will soon be able to go out again. Any one wishing to drop him a line, his address is: Sgt. James W. Goodson, Ward C 6, Finney General Hospital, Thomasville, Ga.

A letter recently received from Pvt. James T. Perkins, ASN 34917227, Btry. B, 3rd Bn., Fort Davis, Va., states that he does not have time to write, but that he would like to hear from his friends.—Cliff Goodson.

1944 PRODUCTION GOALS AND SUPPORT PRICES ANNOUNCED

By Hugh D. Sexton, County Agent

The State U.S.A. War Board has announced the 1944 Production Goals for Coffee County. The War Food Administration has also announced 1944 Support Prices on farm products.

The 1944 Production Goal figures for Coffee County are definitely known. In general there is very little difference between 1943 and 1944 figures. The job, outlined for the Coffee County farmer to do, however, in 1944 is a big one.

The support prices, announced by the War Food Administration, are subject to the action by the Congress making provisions for carrying out the program.

Minimum Production Goals

In discussing production goals the Agent believes the particular goal to be understood by quoting the county's total figure for a particular product, and then quoting the figure that each grower (30.0 acres) in the county, will be expected to produce, in order to reach the total goal for that particular product. The following figures are on that basis.

First figures following the name of product indicate minimum county goal and the last figures indicate minimum unit per grower:

Peanuts, 60,000 acres; 9.4 acres. Milk, 1,848,888 gals. Eggs, 280,000 doz. Chickens, 154,700 doz. Sweet Potatoes, 3,000,000 doz. Irish Potatoes, 3,000,000 doz. Hogs (spring litter), 6,851 one; Hogs (fall litter), 6,428 one. Cattle and Calves, 3,858; one. Corn, 280,000 bushels. 12 per cent increase over production desired; Cotton, none assigned; no increase over 1943. Hogs (spring litter), 6,851; 1944 acreage should be materially increased.

A PERSONAL OBLIGATION

By Harold L. Lundquist, D. D.

Released by Western Newspaper Union

An establishment such as ours may well be judged by the caliber of its personnel. Here—every member of our staff is not only exceptionally capable—but in addition, looks upon every detail of service as a personal obligation—to be performed with tactful consideration.

The support prices, announced by the War Food Administration, are subject to the action by the Congress making provisions for carrying out the program.

Minimum Production Goals

In discussing production goals the Agent believes the particular goal to be understood by quoting the county's total figure for a particular product, and then quoting the figure that each grower (30.0 acres) in the county, will be expected to produce, in order to reach the total goal for that particular product. The following figures are on that basis.

First figures following the name of product indicate minimum county goal and the last figures indicate minimum unit per grower:

Peanuts, 60,000 acres; 9.4 acres. Milk, 1,848,888 gals. Eggs, 280,000 doz. Chickens, 154,700 doz. Sweet Potatoes, 3,000,000 doz. Irish Potatoes, 3,000,000 doz. Hogs (spring litter), 6,851 one; Hogs (fall litter), 6,428 one. Cattle and Calves, 3,858; one. Corn, 280,000 bushels. 12 per cent increase over production desired; Cotton, none assigned; no increase over 1943. Hogs (spring litter), 6,851; 1944 acreage should be materially increased.

Goodson Cross Roads NEWS

PCF. Henry C. Goodson, of Napier Field, arrived Saturday night for a visit with home folks and friends.

Messrs. Ed, Clyde and Joe Frank Goodson spent Friday and Saturday in Thomasville, Ga., visiting Sgt. James W. Goodson who is in a hospital. It is understood that he is being transferred from Miami, Fla., to some place in Arizona along with a group of other men, and that they had stopped off at Panama City, Fla., for practice. By accident, he had one of his eyes injured and was rushed to Thomasville by plane.

He was placed in Finney General Hospital. Reports Saturday night were that he was resting comfortably but would probably have to remain there for several weeks. His many friends deeply sympathize with him in the loss of his eye and trust that he will soon be able to go out again. Any one wishing to drop him a line, his address is: Sgt. James W. Goodson, Ward C 6, Finney General Hospital, Thomasville, Ga.

A letter recently received from Pvt. James T. Perkins, ASN 34917227, Btry. B, 3rd Bn., Fort Davis, Va., states that he does not have time to write, but that he would like to hear from his friends.—Cliff Goodson.

THE ELBA STUDY CLUB—

The Elba Study Club was delightfully entertained for its February meeting in the home of Mrs. O. M. Fox on Thursday afternoon, Feb. 10, when Mrs. Gussie Hutchinson and Mrs. Fox served jointly as gracious hostesses.
